

## Privacy Policy

In order to safeguard your legitimate rights and interests and protect your personal data security, Shenzhen Zhiyi Technology Co., Ltd. formally reminds you before you (users) install and use this application software (APP):

☐ 1. Age Confirmation: Confirm that you have reached the age of 16; or you are under 16 but have obtained the consent or legal authorization of your guardian.

☐ 2. Data Collection: In order to ensure that you can properly register and use this APP, we need to collect your email address (both real name and anonymous) when registering your account, so that you can receive the registration verification code, otherwise you will not be able to enjoy the products and services from us. This APP will not actively collect your other personal identity information, and we will not make automated decisions about you, including data portraits, and we have no responsibility or obligation to have identity verification for you.

☐ 3. Data Transfer: After you have applied for registration, your email address will be transferred to our Cloud Storage Service Provider (hereinafter referred to as "Processor") located in China.

☐ 4. Data Storage: Your e-mail address will be stored on the servers of Processor, and we will send you e-mail replies via the administrator account provided by the Processor after assigning the verification code. Only the specific data protection personnel of Processor and us will contact and process your email address information. Both we and the Processor will take reasonable management and technical measures to ensure that your email address will not be compromised.

☐ 5. Data Processing: Data generated during your use will be stored on the server of Processor and will be accessed during your use of APP. We and Processor will not process your personal data unless you have agreed to do so.

☐ 6. Data Deletion: Upon your request, or if your account has been forgotten (unused for more than 1 year), we can delete your email address and delete all copies of the information.
